

INTRODUCTION

This handbook is designed to assist school business officials in performing their duties according to the statutes of the State of Louisiana. The focus is on the administration of wages and benefits. It is the goal of the Louisiana Association of School Business Officials not only to provide the current statutes, but to also maintain the handbook as statutes are revised.

The statutes governing retirement systems are updated on a continuous basis and updated handbooks are provided by the retirement systems. Therefore, the retirement section of this handbook is intended for use as a reference. The only information provided in this handbook is the range of statutes appropriate for each retirement system.

LASBO would like to offer a special thanks to Ashley Aime of the Livingston Parish School Board and Jimmy Prescott of Forethought Consulting for their assistance in this endeavor.

All statutes included in this book were obtained from the website of the Louisiana State Legislature at www.legis.state.la.us.
